Severity: Moderate

Certainty: Possible

Issued:

Wed 13 Aug 2025
15:19

Effective:

Thu 14 Aug 2025
09:00

Onset:

Thu 14 Aug 2025
09:00

Expires:

Sun 17 Aug 2025
09:00

Area:

Tigray, Afar

Description:

Heavy to extremely heavy rainfall is expected over Tigray and Afar Region. Heavy and extremely heavy rainfall is likely to lead to flash flooding.

Instruction:

Concerned individuals and residents in the aforementioned area are encouraged to keep an eye out for possible flash floods. To lessen the chance of flooding, avoid driving or walking over swift-moving waterways, and keep the drainage systems surrounding your home free of trash and other impediments.
